PROFESSIONAL SUMMARY

Detail-oriented and passionate Front-end Developer with specialized expertise in React.js, modern JavaScript (ES6+), and responsive web design. Proven track record of building scalable web applications featuring seamless API integrations and real-time database management using Supabase and Firebase. Adept at translating complex requirements into intuitive, high-quality UI/UX experiences that optimize user engagement and performance.

TECHNICAL SKILLS

Frameworks & Libs:	React.js, Next.js (Exp)
Languages:	JavaScript (ES6+), HTML5, CSS3
Styling & UI:	Tailwind CSS, Bootstrap, Mobile-First Responsive Design
Backend & DB:	Supabase, Firebase, Node.js, MongoDB
Tools & Tools:	Git, GitHub, VS Code, Figma

INDEPENDENT PROJECTS & PERSONAL DEVELOPMENT

Cakes Villas – MERN Stack Cake Ordering Platform

GitHub

- Engineered a full-stack e-commerce ordering platform utilizing the MERN stack, integrating a secure Admin Dashboard that streamlined order tracking and product management.
- Implemented dynamic routing and global state management using React Hooks, reducing component re-rendering times and improving data flow efficiency.
- Developed a responsive, user-friendly UI that resulted in a seamless checkout experience across desktop and mobile devices.

Inferno Grill – Fast Food Delivery Platform

GitHub

- Developed a high-performance delivery interface with 100% real-time data synchronization by successfully integrating Supabase backend services.
- Architected a mobile-first design architecture using Tailwind CSS, optimizing asset loading speeds to ensure a smooth, low-latency customer journey.
- Integrated dynamic product filtering and interactive shopping cart functionality for enhanced user engagement.

Expense Tracker – Real-Time Finance Application

GitHub

- Created a real-time financial management tool leveraging Firebase Firestore for instantaneous data persistence and secure user data tracking.
- Designed secure user authentication flows and created interactive transaction history dashboards using reusable React components.

WORK EXPERIENCE

Clerk | Asco International – Karachi

12/2024 – Present

- Managed documentation, digital record-keeping, and operational workflows, ensuring high accuracy and organizational efficiency.

Cashier | Pizza Max – Karachi

09/2023 – 12/2023

- Handled daily financial transactions, customer service operations, and point-of-sale (POS) systems under fast-paced environment conditions.
